LONDON Madonna is four months pregnant with her first child, her publicist said Wednesday.

The 37-year-old singer, currently in Budapest filming a movie version of the hit stage musical Evita, is "deliriously happy," publicist Liz Rozenberg, speaking from the Hungarian capital, told Britain's GMTV.

The baby's father, Carlos Leon, a 29-year-old Cuban fitness instructor, was also said to be pleased by the news.

The London tabloid The Sun, which broke the story, cited one unidentified Hungarian capital, told Britain's GMTV.

"Evita shoot will be sped up to finish in six weeks. "They are already doing special camera angles to make sure nothing shows," it quoted an unidentified source close to the singer as saying. "She has no plans to marry Carlos, but he is totally supportive."

"She has always wanted to have children," Rozenberg told GMTV. "She has spoken about it quite frankly over the last year or so, but it was not something she was particularly planning. She wanted to finish filming, but nature took its course."
